January 4, 2021

Dear Leanne,

It is with mixed emotions that I respectfully submit my letter of retirement. My intent is to complete this current school year through June 2021.

After 33 years this has been the most challenging by far. Other than that, I am grateful for the opportunity given to me over the years to serve the students. I have always said that they are an extension of my family.

I am going to end it here because I will go on and on.

Sincerely,

Fran Bysko (Garnick)

Fran Bysko
